Associate Membership	40

Individual Membership

IMSCOGS offers an annual membership. IMSCOGS members are neurologists, neuropsychologists, neuroscientists, researchers and allied health professionals.

IMSCOGS is a young, dynamic society, which strives to meet the goal of the organisations mission.

Associate Membership

The IMSCOGS Associate membership applies to non-doctoral level professionals (or less than the terminal degree for those countries where a doctorate is not the terminal degree), students, postdoctoral fellows or residents in training.
